

TJ Anderson

tj@coastarian.com · [LinkedIn](#) · [Portfolio](#) · [GitHub](#) · UK / Remote

Senior Product Designer with 15 years' experience turning complex and ambiguous problems into clear product direction. I use research, facilitation and systems thinking to bring together user needs, business priorities and technical constraints, working across discovery, information architecture, interaction design and design systems through to testing and delivery. Experienced across B2B SaaS, marketplaces, financial services and e-commerce, including mobile and responsive products.

EXPERIENCE

Product Designer & UX Consultant · Coastarian Creative

Independent · Aug 2023 – Present

- Lead projects end-to-end from discovery and strategy through research, IA, interaction design, prototyping and delivery, using workshops to define problems and agree direction.
- Create and adapt design systems, from scratch and from established frameworks such as Material Design, alongside project and delivery documentation.
- Recent projects include Flenzies, New Hope Orphanage, Sensory Alchemist, Flip Flopi Expedition and Rita's Ranch.

Product Designer · Brain in Hand

Contract · Feb – Jul 2023 · Project role: Lead Product Designer

Led the redesign of internal user management for a B2B SaaS platform supporting 25,000 neurodivergent users.

- Shadowed Customer Service and uncovered a workflow dependent on disconnected systems and manual calculation.
- Mapped legacy data with the Business Analyst, workshop-tested the IA and designed a unified user profile, extending the existing design system to replace multi-system lookups.

Senior User Experience Designer · Car & Classic

Permanent · Aug 2021 – Oct 2022 · Design & Research Lead, Mobile Pod

First UX hire in a newly formed Product team at Europe's largest classic vehicle marketplace, used by around 4 million people each month.

- Led research and company-wide workshops that surfaced seven competing views of the customer and turned them into two testable product hypotheses.
- Tested search-led and editorial discovery journeys, then took validated recommendations into the engineering alpha for the new mobile app.
- Helped build the Product design team through role definition, interviews and hiring decisions, and line-managed a junior UX designer.

SELECTED CONTRACT & AGENCY WORK

Senior UX Designer · Omobono · Mitsubishi Chemical · Jun–Aug 2021 · Responsive B2B IA redesign

UX Researcher · Sutherland Labs · Sky Q, Facebook · Apr–May 2021 · Digital and mobile research

Senior UX Designer · Utility Warehouse · Nov 2020–Feb 2021 · Content redesign and migration

Senior UX Designer · Brilliant Basics · Swedbank · May–Oct 2019 · Workshops and MVP definition

Senior UX Designer · TH_NK · Littlewoods · Dec 2018–Feb 2019

- Designed Penny, a mobile financial companion for near-prime customers.
- Used workshops, scenario mapping and card sorting to shape the product direction and conversational IA; the resulting prototype helped secure the broader contract.

Senior UX Designer · AKQA · H&M · May–Jul 2018 · Mobile-first membership redesign

UX/UI Designer · Research Exchange · Feb–Mar 2018 · E-commerce and design systems

UX Designer · Zalando · May–Aug 2017 · Multi-purchase and outfit-pairing experiences

CX Designer · The BIO Agency · British Airways · Mar–Apr 2017 · Contextual research and personas

UX Designer · Post Office · Nov 2015–Aug 2016 · Mobile-first responsive journeys and workshops

Experience Designer · Lloyds Bank · Oct 2013–Dec 2014

- Helped launch Club Lloyds and contributed to the responsive IA and mega-navigation first developed through Private Banking and later applied to Lloydsbank.com; the underlying architecture remains recognisable today.
- Worked with Compliance on typographic hierarchy and produced design specifications for technical teams.

Earlier: UX Designer · Hearst Magazines, Large Blue, MICROS eCommerce (2012–13) · Junior Experience Architect · LBi (2011–12)

EDUCATION

MA Interactive Media · UAL, London College of Communication

HCI · User-Centred Design · Physical Computing

BA Art Photography · City College of New York
