PROFILE

Senior product designer and UX researcher with over 10 years' experience across finance, fintech, e-commerce, utilities, publishing and B2B SaaS. Research-led, holistic design thinking, comfortable in Agile and Waterfall environments. Seeking fully remote contract and freelance roles.

EXPERIENCE

- Product Designer** · Coastarian Creative *Freelance, Remote · Aug 2023 – Present*
Product design and UX for mission-driven organisations. Alongside client work, co-founded and ran a hospitality business — a deliberate step back from tech, now operating independently.
- Product Designer** · Brain in Hand *Contract, Remote · Feb – Jul 2023*
Redesigned user management for a B2B SaaS platform serving 25,000 users. Led stakeholder interviews, CST shadowing and data mapping across legacy systems. Designed a unified user profile as a single source of truth, from research to tested prototypes.
- User Experience Designer & Researcher** · Car & Classic *Remote · Aug 2021 – Oct 2022*
First UX hire in a new Product team at Europe's largest classic car marketplace. Established UX practice, contributed to design team growth, and delivered across search, browse, listing, auctions and seller tools.
